

Additional Supplies

Mckenzie School works very hard to minimize the need for school fees. However from time to time we request funds from our families to support very important initiatives that benefit our students. The following is a list for suggested supplies.

1. We request that each student have a school agenda for a donation of \$7.50.
2. Classes may request donations for field trips or special events.

All students will receive an agenda regardless of the ability to pay and no student will be denied an educational opportunity because of the inability to pay. If parents have difficulty in funding an educational opportunity, you are welcome to speak to the principal for assistance.
